

BCAA Membership Terms and Conditions

What do I need to know if I need BCAA Roadside Assistance?

- Your Membership travels with you, not your car. You may receive Roadside Assistance even if you are a passenger in another vehicle. Non-Members driving your car without you as a passenger are not eligible for service.
- You must be present with the vehicle and have your Membership card, a government issued photo ID and valid insurance documents in order to receive Roadside Assistance. Service is not available to unattended vehicles and is only available to the individual named on the Membership card.
- Towing or service is not available if the vehicle is not insured or is inoperable prior to purchasing a Membership.
- Except for BCAA GO Members who upgrade their Membership, new Members requiring immediate service (for example; towing, battery service, tire replacement, and any other eligible benefits listed in the chart below) will be charged a one-time \$75 fee for immediate service (“Join on Arrival”). Join on Arrival allows for Basic coverage of up to 5 km on an initial service, regardless of whether the new Member purchases a Basic, Plus or Premier Membership. Towing and tire replacement for RVs is excluded from Join on Arrival service. For Join on Arrival service that is provided by an authorized BCAA Roadside Assistance contractor, the distance travelled by the contractor to reach the Member is counted towards the 5 km coverage outside city and town centres.

BCAA Membership Upgrades

You can choose to upgrade your Membership coverage at any time, however restrictions may apply:

- Upgraded benefits will become active 72 hours after upgrade is purchased.
- Upgraded benefits will be provided in accordance with the Standard Roadside Assistance Conditions below. For clarity, upgraded benefits will not cover any pre-existing issues with your vehicle.
- Any additional charges, as further described below, associated with your Membership tier will be at your expense.

BCAA Member Rewards

- Member Rewards are only available to the individual named on the Membership card.
- Membership card must be presented at the time of purchase.

BCAA Membership Fees and Term

- Membership fees are non-refundable.
- Your Membership is for a one-year term, and it will automatically renew on an annual basis unless you provide BCAA with notice of cancellation prior to your Membership anniversary date. A Membership cannot be cancelled mid-term.
 - For example, if you purchased your Membership on April 1, 2024, it will automatically renew for another year on April 1, 2025 unless you provide us with your notice of cancellation by March 31, 2025.
- You can choose to pay for your Membership in full at the start of each Membership year, or you can pay on a monthly basis. If you choose to pay monthly, you will be responsible for paying the entire one-year Membership term with no option to cancel your payments mid-term.
- Regarding payment of fees:
 - If fees are not paid within 30 days of the expiry date of a Membership term, the Member is considered lapsed. If payment is made after 30 days but within 90 days of the expiry date, the Member can keep their original expiry date and all discounts related to the length of the Membership. For greater certainty, a Member is not entitled to any of the eligible benefits associated with their Membership tier during the period in which their Membership is lapsed and before payment is made to restore their Membership status.
 - If Roadside Assistance service is required on a lapsed Membership, the outstanding payment balance will be required and Basic Membership benefits and towing up to 5 km will apply.
 - Payment after 90 days will be considered a new Membership and Join on Arrival rules apply.
- Membership pricing is subject to change without notice.

Standard BCAA Roadside Assistance Conditions:

- BCAA towing services are meant to be used for emergency, sudden and accidental situations, and are not intended to be used to transport vehicles which are not roadworthy or are not in regular use. For greater clarity, towing/service is not available for:
 - Subsequent towing for the same breakdown using the same or multiple Membership numbers.
 - Uninsured vehicles and vehicles without appropriate license plates to be driven on a public roadway prior to purchasing a Membership.
 - Towing from a repair facility.
 - A recently purchased vehicle that was inoperable when it was purchased.
 - Vehicles with more than four wheels and vehicles not factory-built for passenger, pleasure or recreational use including but not limited to: tractors, limousines, passenger buses, cube vans, semi-trucks, logging trucks, tow trucks, trailers with a commercial or non-recreational load, dump trucks, flat decks, taxis and military vehicles.
 - Unattended vehicles.
 - Person or vehicles with police citations.
 - Vehicles involved in a motor vehicle accident.
 - Vehicles not prepared for extreme weather or road conditions.
 - Vehicles containing horses, livestock or loaded with heavy goods.
 - Vehicles driven into an area not regularly travelled or on poorly maintained roads and/or cannot be travelled by a tow truck at 50 km per hour. These areas include but are not limited to: beaches,

fields, vacant lots, construction sites, unpaved, gravel or forestry roads, impassable private or recreational roads, mud or snow-filled roads, driveways and laneways that have not had snow removed or plowed. The final assessment of road conditions will be made at or near the location of breakdown by the service provider.

- Vehicles deemed, at the service provider's sole discretion, as unsafe and not roadworthy.
- Towing for non-mechanical reasons including but not limited to, towing to/from storage locations, metal recycling facilities, moving locations or the result of sale or purchase.
- Motorized wheelchairs or other medical mobility devices.
- BCAA service providers reserve the right to refuse to offer Roadside Assistance to vehicles that do not meet the criteria in these Membership Terms and Conditions. BCAA may exercise this right at their sole discretion.
- While BCAA GO does not include Roadside Assistance benefits, BCAA GO Members who find themselves in need of Roadside Assistance can readily access this feature by upgrading their Membership level to Basic, Plus, or Premier. For the initial service, coverage provided will be at the Basic level, regardless of whether the upgrade is to Basic, Plus, or Premier Membership. The usual \$75 Join-on-Arrival fee will be waived for BCAA GO Members who upgrade their Membership.
- Additional charges will apply for:
 - Roadside calls or towing in excess of Membership limit within their tier of Membership.
 - Any parts or cost of repairs required to repair vehicle.
 - Use of specialty towing equipment or additional towing equipment, including but not limited to: dollies, flat deck tow trucks or four-wheel drive tow trucks when not required by the vehicle manufacturer.

 - Fees associated with waiting time, stand-by time or crossing a provincial or international border. Stand-by/wait times include but are not limited to: ferry line-ups, ferry fees and travel time, border line-ups, and pre-planned construction wait times.
 - The recovery of the Member's vehicle from a public roadway may incur additional charges if specialized equipment or services are required. For example, additional charges will apply for the services of a flag person if required for traffic control or safety.
- Other Guidelines
 - Transportation is only available to one Member and vehicle. BCAA will assist other people ("Third Parties") accompanying the Member in arranging alternative transportation such as taxi service, for example, however, these costs are not included in your Membership. Pets accompanying the Member, other than registered service animals, must be secured and remain in the towed vehicle or alternative transport arrangements must be made by the Member at their own expense.
 - Four-wheeled passenger, pleasure or recreational vehicles insured for road travel are eligible for all services. Dual-wheeled pickup trucks (two wheels on the front and four on the back) regularly insured for road travel and not carrying a load are eligible for all services except tire service.

- Members can only have one BCAA Membership in their name.
- BCAA Membership is only available for residents of British Columbia and the Yukon.
- Additional Members (Associates) must be family members living at the same address as the Primary Member, except for BCAA GO which is limited to Primary Members only.
- Our goal is to get your vehicle operating under its own power. Towing or fuel will only be provided if we are not successful.
- Only one Membership can be used per incident/vehicle.
- If your vehicle is towed to a repair facility, please remove all personal items. BCAA will not be responsible for damage or loss of items in a vehicle or damage to a vehicle left at a repair facility.

Reimbursement for Service

- At BCAA's sole discretion, and subject to the terms contained herein, the terms available at bcaa.com/Reimbursement, and the terms in the Online Application for Reimbursement Form, Members may be eligible to receive reimbursement for a service provided by a service provider other than BCAA.
- Canada and the US: When a Member is in Canada or the US and a required service is not available first through BCAA, CAA or a AAA affiliate, upon receiving prior consent from BCAA, Members may engage an alternate service provider and BCAA may reimburse the Member for all or a portion of that service. Failure to obtain BCAA's pre-approval to use an alternate service provider could result in a Member not being eligible for reimbursement. Each BCAA affiliated Automobile Club such as CAA & AAA offer different types of coverage. When using a BCAA Membership outside of British Columbia for service, Members may need to request reimbursement if the coverage offered by the affiliated Automobile Club is less than BCAA's coverage for an equivalent service. Reimbursement is based on the type of BCAA Membership the Member holds. Any additional expenses outside of the scope of Membership will be the Member's sole responsibility.
- Other Countries: In certain prescribed circumstances as determined by BCAA at its sole discretion, reimbursement may be available when Members require service internationally and are charged for a service provided by a local auto club. Member must apply for reimbursement upon their return to Canada. Reimbursement is based on the type of Membership the Member holds. Any additional expenses outside of the scope of Membership will be the Member's sole responsibility.
- Additional Terms:
 - The Online Application for Reimbursement Form, processes, and further details can be found on bcaa.com/Reimbursement.
 - Requests for refunds must be made within 60 calendar days of the incident. Original receipt and invoices must be submitted in the name of the Member.
 - Reimbursement is counted as a Road Assist call.

Extreme Service Conditions

BCAA will make every reasonable effort to ensure that service is available under all conditions. Severe weather or road conditions and heavy traffic, may cause service delays. During extreme conditions, BCAA responds to calls on a priority basis, providing service first to those Members whose vehicles are blocking roadways or posing a threat to personal or public safety. Under severe conditions, we reserve the right to delay service to Members whose vehicles are in a place of safety. Your patience and understanding under these circumstances are appreciated.

BCAA Member Code of Conduct

Road Assist may not be used as a substitute for proper vehicle maintenance. BCAA reserves the right to cancel a Membership if it becomes apparent that the Member is abusing the service due to negligent vehicle maintenance. BCAA also reserves the right to cancel a Membership if they suspect a Membership is being used for commercial purposes, for non-payment of dues, or for any other reason as determined by BCAA's President and CEO at their sole discretion. BCAA also reserves the right to refuse service to Members or to cancel a Membership entirely for inappropriate or abusive behavior.
